Dear Colleague,

We would like to give our full recommendation for Ken Rubin, CPA.

We are in Vermont and have now been using Ken Rubin as our CPA for a little over a year.

Even though he is located 3,000 miles away he has made an absolutely dramatic positive difference for us.

We have been in practice for ourselves as a husband and wife dental team for almost 5 years. We already had a healthy practice, and our profit during the past 12 months of working with Ken is now up over 50%!

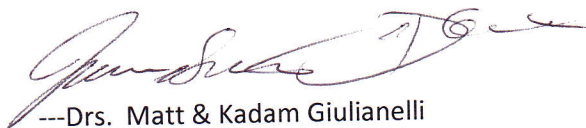

Our ROI was approximately 15 to 1. Our profit increased 15 times more than our investment in Ken's services.

He also comes up with nice tax reduction ideas for us.

What we like most about Ken compared to our experiences working with other accountants is that unlike them, Ken does not function as just a "historian". He communicates with us throughout the year to make sure we are planning ahead. He understands the dental industry, its numbers, challenges, and how to help make your practice as profitable as possible.

He has wonderful insights, valuable advice and he proactively shares his ideas for significant improvement.

We had no idea a CPA could make such an incredible difference! We made a great decision working with Ken, and look forward to many years together.
